10 20 30

Detailed description: This is a grid puzzle with 30 rows and 70 columns. The numbers at the top (10, 20, 30, 40, 50, 60, 70) indicate the length of the words in each row. The numbers on the left (10, 20, 30) indicate the length of the words in each column. Symbols are placed in specific cells: stars (★) in the first column of rows 10-20 and 30-40; arrows (→) in the first row of column 10 and the first column of row 20. The grid contains a complex arrangement of numbers (1-6) and symbols (stars and arrows) that form the puzzle's constraints.
